“Days of fun, now not in a bun, Summer holidays
Are a pleasure And Children’s treasure.”

Holidays are time when you can connect with your child in many ways. As parents are the first and the most important teacher for a child, we can encourage our child to participate in many educational activities at home and promote his/her quest to learn. Working together will not only help your child to build, learn and develop his/her skills but also strengthen your bond with him/her.

NATURE’S BOUNTY

Nature is the most significant and an integral part of our lives. Cherishing and caring this Nature’s Bounty should be an integral part of every Jaipurians life. Thus here is an amazing idea.

“Buy a big earthen pot of any shape. Fill it with soil, grow variety of plants in it and decorate it by putting small pebbles. Keep it in your house to create a miniature garden. It will make your ward responsible towards nature and make him/her happy by seeing plants grow. Capture the photographs of your child’s garden and send it to school.”
**IMAGINATION AT ITS BEST**

Take a white pastel sheet, blindfold your child, dip brush in any poster paint and ask your child to make free strokes, now take another paint and again ask your child to make free strokes. **AMAZING TABLE MAT :-**

Take an A-4 size pastel sheet of any colour and write two letter words of HINDI with pictures on one side and three, four letter words of HINDI on the other side. Write the name of your child in the centre and get the sheet laminated. Ensure that the mat is laminated from a shop only.
