Background of the Institution...

House of Jaipurias-Commitment to Education

The House of Jaipurias is a recognized name in the Indian Industrial arena. Their industrial group, Ginni Group of Industries, is a front runner in the field of textile manufacturing and exports. Their success in this field is largely due to their philosophy to adopt cutting edge in technology and managerial innovations. The same philosophy of staying abreast with the latest developments in the management field is manifested by the promoters to the running of Jaipuria Institute of Management.

The Jaipuria Charitable Trust / Seth Anandram Jaipuria Education Society runs various reputed schools and colleges in the country. A degree College named 'Seth Anandram Jaipuria College' founded by Seth Anandram Jaipuria Trust set up at Kolkata in 1945 is now a flourishing and famous centre of excellence in Post Graduate Education. Its inauguration was done during the British regime by Pt. Jawahar Lal Nehru, who became the first Prime Minister of Independent India. On completing 50 years of excellent performance in academics and extracurricular activities, the College celebrated its Golden Jubilee on 10th September 1995. At present more than 7000 students are studying there.

Seth Anandram Jaipuria School, Ghaziabad

Another branch of Seth Anandram Jaipuria School has been set up at Ghaziabad and is successfully functional since April, 2004. At present it has 4500 students from Classes Nursery to Class XII. Under the dexterous guidance of an excellent faculty the students bloom and outshine in different walks of life. Stress is laid on inculcating ethics and values to ensure that students are able to manage the pressures and challenges entrusted on them. It imparts amongst students a spirit of Sanatan Aryan Culture through the English medium.
There are various other educational institutes run by the Jaipuria Trust, i.e. Seth Anandram Jaipuria Inter College, Anandnagar (U.P.) and Smt. Nani Bai Jaipuria Rajkiya Balika Vidyalaya, Mandawa (Rajasthan). Thus, the House of Jaipuria has already an excellent record of running efficiently educational institutions of repute for catering to the needs of different levels of students in the country.

Seth Anandram Jaipuria Education Society further promoted Seth M. R. Jaipuria School, Gomti Nagar, Lucknow, in April, 1992.

It was in the year 1995, that Seth Anandram Jaipuria Education Society felt the need to enter the field of quality management education to further strengthen their base in promoting excellent education and training. To fulfil this objective, they started Jaipuria Institute of Management at Lucknow in 1995. Encouraged by the success of the Institution at Lucknow and increasing students' demand for more seats, Jaipuria Institute of Management was set up at Ghaziabad in 2001 which is equipped with modern teaching techniques and facilities. As a contribution to the Society, the Jaipuria Charitable Trust has also set up an Eye Hospital run by Seth Anandram Jaipuria Eye Hospital Trust at Nawalgarh (Rajasthan). It has 185 beds and is well equipped with modern X-Ray and Operation Theatre facilities. Public guest houses have been built at Varanasi, Haridwar, Vindhyachal, Vrindaban and Chitrakoot (U.P.). The Jaipuria Trust has also constructed a temple by the name of ‘Ram Darshan’ at Chitrakoot in the memory of Padma Bhushan late Seth M. R. Jaipuria. The temple has been dedicated to the Nation during November, 2000.

Seth Anandram Jaipuria School, Kanpur

Established in 1974 the school was inaugurated by Dr. Fakhruddin Ali Ahmed, President of India, while the foundation stone was laid by Smt. Indira Gandhi, the then Prime Minister of India. At present it has 2500 students from classes Nursery to XII and strives to maintain excellence in academics along with equal emphasis on co-curricular activities.

Seth Anandram Jaipuria School at Kanpur is today the leading light of Northern India, where stress is laid on inculcating amongst students a spirit of Sanatan Aryan Culture through English medium, thus bringing out the best of the East and the West to discipline the life-style with emphasis on Indian Culture and to impart proficiency through the versatile medium of English. This is backed by the firm belief that character building and acquisition of right knowledge at a young age go a long way to groom the children to grow into disciplined, law abiding and knowledgeable persons capable of applying these acquired virtues to life as it unfolds itself.

Shri B. S. Gupta  Secretary

Our Mission

At Seth Anandram Jaipuria School we aim for a perfect balance of complementary factors: ancient and modern, traditional and innovative. Our students will be knowledgeable, confident, meticulous and self-reliant. We all want to give our children the best start in life. The aim of the school is to help the children grow into refined citizens in a healthy environment. This is hoped to be achieved through the development of:

1- Integrated personality through intellectual, moral and physical development.
2- Qualities to enable children adapt themselves to their environment through a forum of self-expression and group interaction.
3- Self-confidence and leadership skills through participation and involvement in co-curricular activities.

Our Logo

We at Seth Anandram Jaipuria School rededicate ourselves to keep our torch burning, fired by our missionary zeal and untiring effort, widely spreading the light of knowledge and helping our children to move from darkness to light.

Our Intent

Since its inception in 1974 our school has been influencing the educational and cultural ethos of Kanpur and has shaped generations of students. Our former students take pride in their association with the Jaipuria School and like being referred to as a “Jaipurian”!

It is the aspiration of many parents to see their children educated here. It is not just the quality of academic training that the children receive here that draws parents toward the school but the emphasis we place on all-round character development, the values that we inculcate in our students. The urge to see their wards educated here seems to be similar to the craving one has to stand in the shade of an old, large, canopied tree for shelter, comfort and protection from the heat and dust of the long road! Under the majesty of such a tree, they expect their children to learn and gather the required life skills and wherewithal to excel in the world of ever increasing and competitive demands.

In the last four decades we have seen widespread changes in our lives and our society. The aims and objectives of education, the methods employed to achieve them, and the contexts in which we apply ourselves, have all undergone paradigm shifts. These changes compel many an institution to restrict their educational goals to fulfilling academic requirements and demands. There are very few institutions that aspire, let alone apply wholeheartedly, to follow a more holistic approach to education.

Our attempt will be to give an education that is liberal and empowering. It can be said that our educational ideas and objectives manifest broadly at three levels. As the foundation we have the timeless and eternal humanistic values which throb at the heart of the educational culture and heritage of this country. On this base we attempt to build an ethos of learning rooted in scientific temper and objective inquiry. Then we would like to see the academic skills and knowledge emerge from this spirit of inquiry, exploration, and experiment. The student is encouraged to cultivate the right attitude by learning about the world and one’s relationship with it, and to develop the necessary capacities to meet diverse challenges in life.

Sundar Kumar Gandikota
BE, MIE, MBA, Ph.D, B.Ed.
Special Features....

- The curriculum is well-planned, graded and is on ICSE Board Guidelines.
- 2 storey school building according to the latest architectural design.

- Home Science Room.
- The Activity Room for tender toddlers.
- Swings, slides and sand-pits
- School Canteen which provides nourishing and delicious eatables.
- Books and Uniform Shop
- Well connected Transport Network throughout the city
- 3 Football fields, 2 basketball courts, 1 boxing ring, badminton court, 1 tennis court, and a golf course.
- Well equipped dispensary under the care of a trained nurse and a part time medical officer.

House System

In order to realize the highest ideal of education and nurture the sterling qualities of well rounded personalities and inculcate a healthy competition, the school has been divided into the following four Houses:

a) Ganga/Yamuna Maroon Colour
b) Narmada/Tapti Blue Colour
c) Mahanadi/Godavari Yellow Colour
d) Krishna/Cauvery Green Colour

Such a division is intended to cultivate and awaken in the child a striving for excellence and to place this precious acquisition of his at the service of the community and the nation.

Each House is supervised by a House-mistress/House-master for various affairs who is assisted by a team of teachers and students in managing the day-to-day commitments.

Assessments

- The school provides exposure to the students by conducting examinations in association with some national and international agencies like.
- EPOCH OLYMPIAD (Registered by The Ministry of Corporate Affairs)
- SOF (Science Olympiad Foundation)
- NSTSE (National Science Talent Search Examination by Unified Council)
- ESOL EXAMINATION (Cambridge University)

Insurance

The students and their parents are covered through an educational insurance which covers death and permanent disability.

International Exposure

COMFEST, one of the biggest student organized events of the nation, is organized by the Jaipuria Computer Club of Seth Anandram Jaipuria School. Over fifty-five schools from all over the globe, including premier institutions of the country along with international schools participated in the Techno-Cultural Festival, with almost 1200 students partaking in a multitude of events celebrating information technology, creativity and computing.

A visit to the Kennedy Space Centre (NASA) in United States, made students aware of the Space Micro Gravity and they even launched a weather balloon to study the curvature of the earth. Students visited CERN, they had the opportunity to visit and know about the Large Hydro Collider (LHC). They even visited Paris, Vatican City, Venice and Rome.
Fundamental to the scheme is the concept that by the end of the secondary stages, the special abilities and interests of children will generally take a definite form and therefore varied or diversified courses with a fairly wide latitude of choices are provided in the school.

Special courses in Physical Training, Athletics, Gymnastics, Karate, Boxing, Tennis, Skating, Classical Dances, Games and Co-curricular Activities form an integral part of the school calendar. The medium of instruction is English and the school will eventually provide education to both boys and girls for courses as under:

1. **Pre Primary (Nursery - Prep Classes)**
   - A lot of stress is laid on the play way method of teaching. Children are involved in a number of activities to bring out the best in them. The Educomp class makes the teaching learning process a memorable experience.

2. **Junior School (I-V Classes)**
   - Activity based teaching enhances and integrates the use of the four language skills which in turn gives students the freedom to experiment with new ideas and practices.

3. **Middle School (VI-VIII Classes)**
   - Children are involved in various competitions and examinations to make them ready for the challenges of life.

4. **Senior School (IX & X Classes)**
   - Students are prepared for the Indian Certificate of Secondary Education Examination where in candidates are required to appear for six subjects and Socially Useful Productive Work, through the medium of English.

5. **Senior Secondary School (XI & XII Classes)**
   - The ISC Examination has been designed through the medium of English. Candidates with a minimum 75% attendance of the two-year course are eligible to appear for the examination. All candidates for the pass certificate must opt for English (Compulsory) with five other elective subjects provided by the school. The syllabus of Inter State Board for Anglo-Indian Education is followed up to Class VIII. The school is recognized by the Govt. of U.P. and is affiliated to the Council for the Indian School Certificate Examination, New Delhi, under the 10+2 pattern.

   Moral and Religious Education is imparted to the students of all classes. As desired by the Founders, teaching of the Hindu religion is an essential part of the school curriculum.

**Facilities**

Teachers are the heart of the school. The highly qualified faculty is the result of a rigorous selection process. The Management of Jaipuria School possesses over 70 years of experience in the education field. Responsibility, dedication, love, care and efficiency are the key assets of our teachers.

**Co-curricular Activities**

Facilities are provided in the school for the following co-curricular activities and the students are encouraged to take part in these:

**Excursions**

Our students are taken for trips and excursions along with their teachers. Besides learning through fun and games, these trips play a vital role in developing self confidence. Every year the students are taken not only to various destinations all over the country but also to cross the international boundaries. The school collaborated with the administration of NASA and the students attended a workshop at Kennedy Space Centre, USA. The students also explored famous tourist haunts like Disneyland, Universal Studio and New York.

**Games & Physical Education**

Games are compulsory for all students, extensive facilities exist in the school campus for playing Hockey, Football, Cricket, Volleyball, Basketball, Badminton, Lawn Tennis, Table Tennis, Boxing, Gymnastics and Athletics. It is mandatory for students to attend Physical Education courses like Drill, P.T. etc. unless an exemption has been sought on medical grounds. In Classes VIII & IX N.C.C. is an option (for boys & girls both). The school has a sports academy where archery, horse riding and golf are taught by trained instructors.
