TRANSFORM YOUR CAREER WITH
JAIPURIA PGDM

The business school that makes you corporate ready
Welcome to JAIPURIA An Integrated Business School

Jaipuria Institute of Management Studies, an ISO 9001:2008 certified Institute was established in 2008 by the noted philanthropist industrialist, Dr. Rajaram Jaipuria. It is one of the leading business schools in Northern India and is the flagship Institute of the Jaipuria Group of Educational Institutions. With a sprawling campus spread over 6.5 acres on Delhi-Meerut link road within NCR, Jaipuria is fast growing as an Integrated Business School with a mandate to contribute in building knowledge capital of the country by providing world-class, value based and proactive professionals. The institute is running Post Graduate Diploma in Management (PGDM), a two year full time programme approved by AICTE.

The PGDM course of Jaipuria has been designed in such a way that the students get a right blend of strong theoretical foundations, analytical skills and their applications to the functional areas of management. Jaipuria is now moving from traditional approach of classroom teaching to Participative Learning through Case Method and experiential learning model by providing students learning opportunities through classroom interaction, peer work, 360-degree feedback and assessment, group activities, video analysis, project assignments, group coaching, case discussions, role plays, business games, simulations and academic mentoring. Moreover, Jaipuria is encouraging understanding of subjects through focused conferences, workshops, and scholarly research. All these efforts lead to “Excellence in Education and Research”.

Jaipuria will work collaboratively with Australian Vocational Training and Employment Group (AVTEG) to support the development of students by providing training and to share knowledge and experiences related to the employment for graduates. It also provides consultancy in skills development programs in multi-sectors following a unique approach to enhance the skills of the youth while meeting local industry and employers’ expectations. Jaipuria Site License agreement with Harvard Business School Publishing (HBSP) is resource which has a rich collection of Unrestricted individual Harvard Business School and available other school printed Cases and Notes, Harvard Business Review reprints, including HBR Article Collections, All HBSP Newsletter reprints, HBS Press standalone book chapters, HBSP Brief Cases, HBS Color Case items, HBSP Case Videos and HBSP Multimedia Cases for students & faculty.

Finally, Jaipuria aims at augmenting better globalization of management concepts, tools and techniques through real life experiences. It compliments efforts to further augment holistic perspective, multi-disciplinary orientation and integrative skills, which are essential to become a practical manager.

Jaipurias in Indian Industry

The house of Jaipurias headed by Dr. Rajaram Jaipuria, a doyen of textile industry, is a recognized name in the Indian industrial arena. Their flagship establishment, Ginni Filaments and its associated organizations are the acknowledged leaders in the field of textile production and exports. Their success in this field is largely due to their endeavour to evolve and adopt latest technological and managerial innovations.

Jaipurias in Education

Jaipurias in Social Welfare

The Jaipuria Group is fully conscious of its Corporate Social Responsibility. The philanthropic spirit of Dr. Rajaram Jaipuria is revealed by his belief in doing as much possible as for the poor and the needy. A chain of public guest houses, temples, charitable hospitals and institutions is a testimony to that. These include Seth Anandram Jaipuria Eye Hospital, Nawalgarh, Matushree Jaidevi Anandram Jaipuria Smruti Bhawan, Chitrakoot, Seth Anandram Jaipuria Smruti Bhawan, Vindavan, Ram Darshan, Chitrakoot, Seth Anandram Jaipuria Smruti Bhawan, Haridwar.

In this global knowledge economy, competitiveness is derived from knowledge, skills and innovation of the work force. Learning, training and the education system play a crucial role in a nation's ability to prosper. Knowledge is a decisive factor in sustaining competitive advantage at both the organizational and the national levels. In most economies, knowledge work has been recognized as a key factor. Understanding this need of the hour, Jaipuria Group of Management Institutions, Ghaziabad develops future leaders, who understand the fast changing corporate environment and are able to optimize the opportunities.

We have been tapping our vast industrial contacts to provide fast growing careers to our passing out students. We also encourage our students to take up entrepreneurship and thus become job creators instead of job seekers. The feedback received from the corporate world tells the story of success of our alumni in their respective organizations. This motivates all of us to further enhance the effectiveness of our programmes.

Our extreme quality consciousness has been recognized through ISO-9001:2008 certifications of all the institutions of the group. The economic recovery has again made an impact on the market conditions and a large number of industries have planned their growth targets for operations and reach to harness technological advancements and increase product spectrum to cater to the consumers. Our awareness of corporate practices due to a century of experience in the field enables us to be fully aware of the skills and knowledge requirements of the industry.

I welcome you to be part of the Jaipuria family and wish the whole Jaipuria family happiness and prosperity.
It seems like only yesterday that I was—like you—considering coming to Jaipuria, Indirapuram. With more than two decades in well established institutes in the country and abroad, I was working in the well established Indian Institute of Management, Indore as a faculty and Chair Executive PGP. The decision to come to Jaipuria was as difficult as deciding to choose a Business School that gives a new direction to your career. But let me tell you, now that I’ve been here for more than a year, I’m more convinced than ever that Jaipuria is the place to be for a truly value-based perspective on business and management. It’s also the place to be for a more integrated management education that relies on providing an intellectually stimulating learning environment for grooming corporate leaders.

Management education in India today is going through a new phase of change because the corporate world needs leaders and not managers; leaders who are capable of aiming high and then achieving the vision of their organizations by aligning and motivating people. This requires more comprehensive and focused management education that integrates skills with insight and knowledge with wisdom. Jaipuria has redesigned its curriculum to achieve this purpose by providing a unique learning environment that stimulates thinking and imagination of the students.

At Jaipuria we facilitate a culture of experiential learning and practical grooming of students for the aim of achieving perfection. Our dedication to learning and our personal commitment to students are what makes our teaching stand out. The institute wishes to inculcate values of education, excellence and concern for others in the students by imbibing egalitarian values. We also take the time, both inside and outside the classroom, to personalize our students’ experiences. The results would be a close knit network of alumni that would play a fundamental role in our educational mission.

Jaipuria has a curriculum that is strengthened through the close bonding of theory with practice i.e. an interface of education with industry. Our students’ learning is enriched in the management functions as students undertake real time projects in consent with industry professionals. This is strengthened by regular interaction of students with industry leaders and entrepreneurs, who visit the Institute on a regular basis to share their experiences, insight, and wisdom. Jaipuria has redesigned its curriculum to achieve this purpose by providing a unique learning environment that stimulates thinking and imagination of the students.

I extend my best wishes to you and look forward to welcoming you to join Jaipuria Institute of Management Studies and contribute to our journey towards exploring new frontiers in business management.

Best of luck.

M. Ashraf Rizvi
Director
Former Professor, Indian Institute of Management, Indore
With a fully-integrated campus in NCR with air-conditioned classrooms, state-of-the-art library, well-equipped computer labs, cafeteria, common rooms, hostels for boys and girls, as well as recreation facilities, and students from over ten different states and forty different Indian cities representing over fifty universities of the country, JAIPURIA Indirapuram is one of the few business schools in the country that offers such a diverse experience to the students. The extensive PGDM curriculum develops successful, and value-based leaders and entrepreneurs and makes them corporate ready.

We try to select our students on the basis of their academic background, their performance in the entrance tests and in the institute selection tests; thereby ensuring that those who are admitted can be groomed to be corporate ready. JAIPURIA Indirapuram PGDM, thus, is corporate-oriented and believes that management education must be focused and need-based.

...the JAIPURIA PGDM opens up doors to diverse career opportunities by making participants acquire the knowledge, skills and confidence to launch a professional career.

PGDM CURRICULUM

Like the best business schools of the world, we at Jaipuria Indirapuram strongly believe that management is a noble profession—one that can change lives, change organizations, change systems and processes for better efficiency and effectiveness, and thereby can change the nation and the world.

Our two-year full-time Post-Graduate Diploma in Management (PGDM) is, thus, aimed at developing young men and women into competent professional managers and socially sensitive corporate leaders possessing the skills, knowledge, wisdom and insight to embrace challenges, effectively work in any sector of organized activity, and achieve excellence in performance while contributing to the welfare of the society and the nation.

The JAIPURIA PGDM Curriculum is

- Designed to sustain all round excellence by equipping students with the required conceptual, and practical skills and sense of social purpose for managerial decision-making.
- Structured to provide an in-depth understanding of the key functional areas of management.
- Developed to provide leadership skills that act as change agents.
- Customized for per student’s academic background, aptitude, inclinations, work experience, and career aspirations.
- Based on a variety of learning methods including traditional classroom sessions, case studies, study trips, projects, group work, simulations, role-plays, project work, immersion, academic exchanges, and internship opportunities.
- Contents tailored as per the needs of the industry integrated with inputs and support from industry leaders, coaches, career counselors and student life advisors.
- Nurture the desire to excel in performance without compromising integrity, honesty and fairness.

The PGDM curriculum consists of two components: the core programme in the first year and the elective programme in the second year. Each year consists of 3 terms. The Core Programme comprises 28 core courses and summer internship. The elective programme consists of elective courses based on the requirements of the corporate world & the interest of the students.

| Term 1: The Foundation of Management | (July-September) |
| Term 2: The Practice of Management | (October-December) |
| Term 3: The Application of Management | (January-April) |

**PGDM Summer Internship**

(May-June)

After completion of three terms in the first year, the students undertake Summer Internship in industry for gaining hands-on experience. SIP is of six to eight weeks’ duration. As a part of SIP, students submit a detailed project report and make a formal presentation to a panel consisting of faculty and external members from industry/academics.

The second year consists of core and elective courses. It prepares students for specialized functions of management by allowing them to choose from a bunch of courses that interest them to develop the needed proficiency in the areas of their choice.

| Term 4: The Specialization of Management | (July-September) |
| Term 5: The Specialization of Management | (October-December) |
| Term 6: The Implementation of Management | (January-April) |

**Core Subjects**

| TERM II | Financial Management-I Marketing Management-I Organizational Behaviour-I Quantitative Methods-2 Macro Economics Managerial Written Communication Legal Aspects of Business Strategic Management |
| TERM IV | Entrepreneurship Development Project Work Elective 1 - 6 |
| TERM V | Supply Chain Management  Corporate Social Responsibility Elective 1 - 6 |
| TERM VI | Corporate Governance Company Internship Elective 1 - 4 |

**Choice of Electives**

**International Business**

| International Business Environment Foreign Trade Policy Export Procedures & Documentation Import Procedures & Documentation Select Marketing & Thrust products Foreign Exchange Management |

**WHAT WILL I learn?**

www.jimsedu.com / PGDM 2014
Creating Value-based Leaders

"It is a planned intervention aimed at developing and grooming the students and making them ‘industry ready’."

Through the ELP intervention, the institute commits to provide excellent learning and growth opportunities to all deserving students.

Pedagogy: Various methods are used for teaching and training the students viz:

- **One on One Mapping:**
  > Mentor Mentee Sessions
  > Personality Test/ Gap Analysis
  > SWOT analysis & Areas for Development
  > Career Prospects

- **Group ELP:**
  > Video/ Presentations
  > Role Plays/ Group Exercises
  > Communication classes - Extempore, Speeches, Debates, Story Telling
  > Personal grooming classes

- **Functional Fundamentals:**
  > Background Notes
  > Case study discussions
  > Market Research and Analysis

- **Assessments:**
  > Weekly assignments
  > Business Presentations
  > Aptitude Test/ Group Discussions
  > External assessment/ mock interviews (industry experts)

**Coverage:** ELP includes Five key parameter of development namely:

- Module - 1: English Language & Communication Skills
- Module - 2: Personality Development & Grooming
- Module - 3: Aptitude Skills & Mental Ability
- Module - 4: Leadership Skills
- Module - 5: Functional Fundamentals

### HOW WILL I LEARN?

Our teaching methodology aims to equip students on the following aspects that are essential to their future role:

- **Timely Assessment** provides educators with a better understanding of what students are learning and engages students more deeply in the process of learning content.

- **Campus-Based Learning** uses the campus environment itself as a teaching tool.

- **Coached Problem Solving** is a class format in which professors provide a structured, guided context for students working collaboratively to solve problems.

- **Concept Tests** are conceptual multiple-choice questions that focus on one key concept of an instructor’s learning goals for a lesson. When coupled with student interaction through peer instruction, Concept Tests represent a rapid method of formative assessment of student understanding.

- **Interactive Lectures** provide short activities that can break up a lecture and engage students in activities that confront their prior understanding of a core concept. The activity can be a classroom experiment, a survey, a simulation or an analysis of secondary data.

- **Interdisciplinary Approaches** to Teaching entails the use and integration of methods and analytical frameworks from more than one academic discipline to examine a theme, issue, question or topic.

**Investigative Case-Based Learning** involves students in addressing real world problems.

**Quantitative Writing** engages students with numbers by asking them to analyze and use quantitative data in written reports and arguments.

**Role Playing** immerses students in debate around Earth science issues.

**Strong Writing Assignments** are a flexible means of demonstrating learning as well as a method of exploring one’s thinking to stimulate learning, which is why the literature on writing instruction emphasizes both learning to write and writing to learn.

**Teaching with Data Simulations** allows students to visualize probability distributions, which in turn can make the processes associated with probability more concrete.

**Teaching with Spreadsheets** allows students to “get their hands dirty” by working with real-world data. Spreadsheets make abstract or complex models accessible by providing concrete examples and allowing ‘what if’ analyses.

**Teaching with the Case Method** combines two elements: the case itself and the discussion of that case. Teaching cases provide information, but neither analysis nor conclusions. The analytical work of explaining the relationships among events in the case, identifying options, evaluating choices and predicting the effects of actions is the work done by students during the classroom disc...
Case Based Teaching
Jaipuria establishes Site License agreement with Harvard Business School Publishing (HBSP) for access to HBSP material which provides access to the Case Studies, Teaching Notes, Simulation Exercises, Role Plays and Background Notes developed by Harvard Business School and other premier B-schools of the world like, INSEAD, Kellogg School of Management and Stanford Graduate School of Business, etc.

Strategic Collaborations
Jaipuria has signed a Memorandum of Understanding (MoU) with Australian Vocational Training and Employment Group (AVTEG) on May 28, 2013 which is an education consultancy to develop strategic alliances between Australian Vocational Training organisations, Indian skill development organisations, Government of India, local Indian industry associations and employers to ensure better career development and skills enhancement of the Indian workforce.

Center for Incubation & Entrepreneurship
In order to promote entrepreneurship among our students, JAIPURIA has established a Centre for Incubation and Entrepreneurship. The Centre helps students through innovative business idea, seed funding, incubation, mentoring, training, knowledge dissemination and research in new business domains.

Best Placement
JAIPURIA ensures that the students are placed with the best companies in the industry by going through a series of interviews and discussions with our major and regular recruiters, which includes Audi, Axis Bank, Britannia, HCL, Business Standard, Nokia, Hyundai, Yamaha, Reliance Capital, Intas, etc.

Corporate Mentoring
JAIPURIA has evolved a system of corporate mentoring for its students wherein every student will have a corporate mentor who will guide the student to understand the connect between what the corporate world needs and what they have to offer, and prepare them for the corporate world.

Stimulating Learning Environment
The Learning Process at JAIPURIA is unique. Apart from conventional classroom teaching, it provides students learning opportunities through classroom interaction, peer work, 360-degree feedback and assessment, group activities, video analysis, project assignments, group coaching, case discussions, role plays, business games, simulations and academic mentoring.

Value Based Education
Our PGDM program integrates the training of ethics and corporate social responsibility with management subjects.

Personality & Leadership Development
Our learning process involves overall personality development and corporate grooming to prepare students to face the World with confidence. Our Leadership Development Process is well defined. It combines leadership skill building with the exploration of good management practices, as well as exposure to critical new perspectives and approaches in management. Students will also be exposed to new leadership dimensions and paradigms.
Alumni Association
Jaipuria Institute of Management Studies Alumni Association (JAIMS) is committed to the development of alumni, supporting their professional growth and providing a network for mutual support and advancement.

Career Services and Placement
At Jaipuria Institute of Management Studies, we believe that every student should have a positive feeling about their academic and professional development. We provide various services to help students find the best placement according to their skill sets and career aspirations.

BUILDING A LEARNING organisation
HOW WILL I FIT INTO life of JAIPURIA?

The learning environment contributes to creating a conducive frame of mind, so that a student can get the maximum benefit out of the rich course content and the stimulating pedagogy of the Institute. Jaipuria is conveniently located in Indirapuram and is well connected by metro & road to the rest of Delhi and NCR. The state-of-the-art campus is centrally air-conditioned. Major events and seminars are held in the Auditorium with a seating capacity of 250 and other facilities comparable to any modern multiplex.

• Class Rooms
All lecture theatres are air-conditioned. Modern teaching aids involve tools like multi-media notebooks, LCD and over-head projectors, motorized screens, cordless microphones, speakers, wi-fi access, etc. They are effectively employed to make the learning process more interesting and interactive.

• Computer Labs
The computer centre has advanced computing facilities to provide unbridled free 24x7 internet access to all the students round the year. The computers of advanced configuration and latest softwares are available to provide holistic IT training facilities.

• Li brary –Learning Development Centre
The Institute takes pride in its State-of-the-Art library infrastructure and resources. LDC is one of the best maintained libraries. The highlights of LRDC are:
  • READING Rooms: Spacious, well equipped, air-conditioned, ultra-comfortable and Well-illuminated reading rooms.
  • Books: LRDC is enriched with more than 7,500 books.
  • Journals :Over5000, including online access to Gale Cengage, J Gate,RMIT/Sage/OJAS/GUEST
  • Publications on CDS
  • Over 500 CDs on various publications
  • Online Book Search
  • Online Public Access Catalogue (OPAC) allows members online access to details of books available through both internet and Intranet through ultra-modern digital library.

• Computer Labs
The computer centre has advanced computing facilities to provide unbridled free 24x7 internet access to all the students round the year. The computers of advanced configuration and latest softwares are available to provide holistic IT training facilities.

• Cafeteria
Our cafeteria setting puts forth a new method of knowledge-sharing called the “Cafeteria approach”. It’s an innovative and informal method of learning where one can debate, discuss and deliberate over a cup of coffee and thereby actively nurture one’s interpersonal skills.

• Recreation Facilities
Never starved for things to do, those in a sporting mood or the serious outdoor types can avail of the various recreational facilities. Outdoor sports include game like - Cricket, Football, Volleyball, Badminton and Basketball.

Those who prefer getting their recreation in controlled indoor environs can indulge in games like table tennis, carom and chess. The campus also has a well-equipped gymnasium complete with weights for students. Through out the year, while studies and academics are in focus, the mind needs to unwind. For that, student committees like the ‘Cultural Committee’ and ‘Sports Committee’ organize myriad events through the year.

• Hostel (Boys & Girls)
The Jaipuria hostels provide students “a home away from home”. In a safe and comfortable living environment, the students learn the joys of sharing academic and personal experiences. Studying and working together make them better team-players, and increase their chances of success in their corporate careers.

• Common Rooms
Separate common rooms let the boys and girls unwind between classes. The common rooms are outfitted for indoor sports and recreational
PROFESSIONAL CLUBS

What sets apart Jaipuria from all other B-schools is that, almost all the activities are managed by the students. Every important facet involved in making Jaipuria what it is, lies with the committees.

- **Anubhav**
  It aims to encourage students to extrapolate what they learn in the classroom to real-life business news and problems.

- **Consult Club**
