**HOLIDAY HOMEWORK**  
**CLASS –VIII**

Out of difficulties grow miracles, Tough time don't last.

Dear Students

The beginning of new session might not have been with pomp and show, but the spirit of teaching learning continues with online school. We are proud the way you all transited to online classrooms and followed them earnestly. The summer vacations this time would not be ice creams, candies and cool pool, but time can be utilized in honing skills and interests.

It is easy to bloom, than to be a bud, but you are responsible young members of the nation and its our duty to follow rules. Here are some holiday activities designed for creative utilization of time. Give a flight to your imagination and spend time purposely.

**Some pointers to remember**

- ❖ Practice wearing mask, gloves and safe distancing, as this is what you all have to follow when you join school.
- ❖ Make hand washing and hygiene a part of your routine.
- ❖ Holiday Homework is a part of subject enrichment and will be assessed on the basis of creativity and efforts of the students
- ❖ It's the perfect time to enhance your speaking skills and vocabulary by conversing in English with your family and siblings.
- ❖ Reading is essential for those who seek to rise above the ordinary. Spend your quality time reading purposeful books.
- ❖ A beautiful handwriting makes a good impression. Practice one page of English and Hindi handwriting daily.
- ❖ Schedule your time for activities so that there is no piling up for the last moment.
- ❖ Holiday homework should be your authentic creative work.
- ❖ Holiday Homework is given according to roll numbers. Sanskrit/ French/ German homework is on last page.

**“Reading is to the mind what exercise is to the body.”** Joseph Addison penned this quote roughly 300 years ago, before modern science and research equipment could back up his claim. Today, however, scientific studies show that reading does make you smarter. Reading a novel, for example, increases the blood flow and improves connectivity in the brain. Reading introduces you to new ideas and invites you to solve problems. Reading improves your conversational skills because reading increases your vocabulary and your knowledge of how to correctly use new words, reading helps you clearly articulate what you want to say.

For all those missing books and wanting to re-live the past. Someone has assimilated all comics and graphic novels collections into one! It contains the following -

Asterix - All books

Calvin & Hobbes - All strips

Craig Thompson - All books

Dilbert - 1994 to 2002

Garfield - 1978 to 2008
